Day 4

Breakfast, Lunch & Dinner

Good morning, Orlando! Today we'll venture to the coast to meet some new friends spending the day at the Clearwater Marine Aquarium.

Clearwater Marine Aquarium – Clearwater Marine Aquarium is fundamentally a hospital for sick and injured marine life. However, what they do is so much more. They inspire the human spirit, through the animals and their stories of survival, which touch all of us. They educate young people on the preservation and conservation of our animals and environment. They collaborate on scientific research to better understand animal behavior, illness, treatment and the prevention of animal decline. They

protect the growth of the endangered sea turtle population by guarding a 26-mile stretch of beach within Pinellas County. They rescue and rehabilitate injured and ill animals with the aim of releasing them back into their natural habitat. When this isn't possible, the aquarium provides long term residential care.

Today we'll explore this unique non-profit hospital dedicated to rescue, rehabilitation and release of marine animals. We'll see their mission in action as we discover the rehab and surgical areas and get up-close inspiration from the stories of the resident animals, including Winter the dolphin, who swims with a prosthetic tail. Feed the sting rays, sharks and pelicans, or cruise on an interactive boat safari. Hop aboard a complimentary boat or trolley shuttle to nearby Winter's Dolphin Tale Adventure, where we'll discover a museum of rebuilt sets and props from the Dolphin Tale movies and walk through the Hurricane Experience exhibit. All this and much more await you for a day of fun and a lifetime of inspiration. Your day will include a Behind-the-Scenes and Hospital Tour, a Stranding Master Class, a boxed lunch, a Mock Stranding Exercise, a Dolphin Adventure Boat Tour and then time to view the aquarium and see the stages of the Dolphin Tale. [Clearwater Marine Aquarium](#)

After our exciting day in Clearwater, we'll return to the hotel for dinner and an evening to do as we please!

Snorkel with the Manatees – Captain Gene and his crew have been providing quality manatee experiences for over 15 years, delivering this incredible adventure in a fun, interesting and safe day. Our guide, Captain Gene, began his mission from a love of water and interacting with wildlife. He and his team simply love introducing this experience to our visitors from around the world.

This “Snorkel with the Manatees” experience is designed to educate our groups about the wildlife and their habitat within this unique area of Florida. We’ll swim alongside these gentle giants and get to experience them in their natural habitat where they feel comfortable interacting with visitors. Our captain will equip us with wetsuits, masks, and snorkels and we’ll set off for a first-hand look at these magnificent creatures.
