

1966 SERIES 1 4.2 ROADSTER - EAGLE E-TYPE No.12

£475,000

## Eagle E-Type No.12 – One of our full restorations of an original Jaguar E-Type, upgraded to a superb specification and presented in outstanding condition.

Eagle E-Type No.12 – One of our full restorations of an original Jaguar E-Type, upgraded to a superb specification and presented in outstanding condition.

Reconstructed from an original example, each Eagle is built without compromise and finished to standards way beyond those achievable when initially manufactured. Eagle No.12 is finished in the beautiful Jaguar colour of Opalescent Silver Grey, with the Dark Blue trim and mohair hood completing this elegant scheme.

Extensive upgrading has taken the car to far beyond our GT specification and incorporates the vast majority of our Sport options, with a number of SuperSport items included for good measure. The result is an exceptional improvement that has also concentrated and enhanced the E-Type's original spirit. Improved electronics, brakes and cooling vastly improve reliability and safety whilst the revised suspension, rebuilt engine and 5-speed Eagle gearbox offer thrilling driving dynamics and performance.

Since its Eagle commission this E-Type has taken full advantage of our exclusive servicing and maintenance program, and we would of-course be delighted to continue this specialist care for the next owner. Built in the spring of 1966, this E-Type was destined for delivery to its first owner in the New York State village of East Syracuse and today retains its original matching numbers engine. Since our full restoration, Eagle 12 has driven just 14,278 miles.

In essence: a very rare and sought after opportunity to acquire a high spec' Eagle E-Type immediately.

**No.12 of just 37 Eagle E-Types**

**Only 14,282 miles since full Eagle restoration**

**One owner for the last 12 years**
