

**EAGLE SPORT ROADSTER NO.18**

**£435,000**

**Completed in 2005 and No.18 of only 36 Eagle E-Types built to date, this Eagle Sport Roadster has recently featured in James May's Cars of the People and the new 2016 series of Top Gear**

Reconstructed from an original example, each Eagle is built without compromise and finished to standards way beyond those achievable when initially manufactured.

Eagle No.18 is finished in our own formula 'Eagle Red' paintwork with a leather Biscuit interior and Eagle Sport seats. Extensive upgrades are fitted to well beyond the Eagle Sport specification to concentrate and enhance the original spirit of the E-Type.

Improved electronics, brakes and cooling vastly enhance reliability and safety whilst the Eagle Sport suspension, rebuilt engine and 5-speed Eagle aluminium gearbox offer thrilling driving dynamics and performance.

Since its Eagle commission ten years ago this E-Type has taken full advantage of our exclusive service packages, receiving our ongoing specialist care. We would be delighted to continue this for the next owner.

Originally delivered to a Los Angeles lady owner in late 1966, this E-Type retains its (upgraded) matching numbers engine and since the 'zero miles' Eagle commission restoration has driven just 3,601 miles.

A very rare opportunity to acquire a bespoke Eagle E-Type immediately.
