

## 1974 JAGUAR E-TYPE SERIES 3 V12 ROADSTER

£165,000

### **With just 11,503 miles from new, this exceptional V12 is from the last month of E-Type production and was owned by Jaguar Chairman William Hayden**

Originally exported to the USA, it was acquired by Jaguar Chairman William Hayden for his personal use in 1990.

It underwent a recommission at Vicarage, the leading Jaguar specialists of the time, who were also able to confirm that the mileage was, as indicated, just 6,000 miles from new.

Refinished to a very high standard in the matching white paint while retaining the original dark blue leather interior, it has since been driven just another 5,000 miles by Mr. Hayden.

Having been superbly maintained and refreshed, every part of this V12 is in excellent condition, from the bodywork and mechanicals through to the exterior and interior finishes.

With the manual gearbox matched to the V12 engine this is an excellent touring E-Type of some considerable importance. It can be enjoyed 'as is' but can also benefit from our range of upgrades and improvements.

**11,503 Miles**

**Owned by Jaguar Chairman William Hayden**

**Manual Gearbox**

**Specialist Recommission**

Every Jaguar E-Type supplied by Eagle can be easily converted to left or right hand drive as desired.

The specification may also be further tailored to precisely match your requirements and planned use.
