(subject to limitations)

Not included:

- Flight tickets
- Travel Insurance
- Private dinners
- Drinks
- Local transportation
- Optional excursions/
activities

Ports we dock

The ports we dock at (Corfu Old Port, Kassiopi, Sivota, Parga, Paxi - Gaios and Paxi - Lakka), are public. That means they operate on a first-come, first-served basis. As a result, our Captains are not able to reserve a docking berth and thus, the sooner we arrive at a port, the more likely will we find availability, which cannot be guaranteed.

Handpicked Island Excursions (Upon request)

- Day 2 ▪ **Sivota cooking class**
- Day 3 ▪ **Parga wine tasting**
- Day 5 ▪ **Paxi guided tour**
- Day 7 ▪ **Corfu bus tour**
- Day 7 ▪ **Corfu traditional food night**

How to find us

Our vessels, dock at Corfu's Old Port,
as you can see in the map below:

**We can arrange your airport transfer,
prior, or even after, your cruise!**

Average temperature in Corfu

The average temperature

What food is included?

- Your cruise includes daily **buffet breakfast** and **lunch**, as well as a **Captain's Dinner**. The breakfast consists of a variety of Jams, Bread, Butter, Honey, Olives, Cheese, Eggs, Tomato's, Cucumbers, Fruits, Milk, Tea and Coffee.
(You can not bring, your own food or drinks, on board. There is a bar on board).

Lunch includes:

- **Main dishes:** Pasta Napolitana, Pasta Carbonara, Chicken with Rice, Greek Moussaka, Fish with Rice and Greek Souvlaki.
- **Salads:** Potato Salad, Greek Salad, Caesar Salad, Vegetable Salad
- **Appetizers:** Potato Fries, Tzatziki, Meatballs, Potato Pie

A typical lunch menu, is a 3-course meal, which is based on the Greek Traditional cuisine.

- **We do respect the dietary requirements of our guests!**
Please inform us at the time of booking of your special **food preferences**.
- The breakfast, lunch and dinner times, while on board, are discussed on a daily basis, with our captain, based on the day-to-day program.

Is water included on board?

Water is **NOT included** on board.

If you want extra, we offer 1.5 lt (natural mineral water) bottles for just 2 €.

Service on board

There is a steward on board, but this is a more friendly atmosphere, where all our crew will help, so please do not expect a dedicated waiter to be on a constant basis while you take your breakfast or lunch.

Power Plugs

All our fleet has European plugs inside, that work (and you are able to charge phones, laptop etc.), when the boat is sailing or when it is docked, at ports with electricity power from the shore.

Lights on board

All cabin lights, showers and toilets, on board, work at 24V.

The vessels are equipped with batteries, that supply an output of 24V, hence there is no need for external power supply for your lights, showers and toilets to operate.

Wi-Fi on board

Wi Fi works only when we have a power supply connected to the ports at, Corfu's Old port, Kassiopi, Sivota and Gaios. Also, when the generator is working.

Air-condition

The A/C operates 4 to 6 hours, per day (if it is permitted by Governments Covid regulations).

Also, the A/C works only when the generator is working. The power supply from the ports of Corfu, Kassiopi, Sivota and Gaios (due to weak infrastructure) is not powerful enough to operate all our A/C units. Thus, you must keep in mind, that there are hot nights, especially during July and August, when the A/C does not work after midnight.

Hot water

You are able to have a shower, anytime of the day, but keep in mind that when the boat is docked at Parga and Lakka and the engines are turned off the flow is reduced and as a result, there is no hot water after midnight.

If your shower does not have hot water, please inform your captain in order to open the water heater and please wait for 15/20 minutes until it heats up, the water again. Water tanks on board are limited, meaning, when multiple cabins shower at the same time, hot water is more likely to end.

Daily cleaning

Daily cleaning includes general cleaning and the change of any toilet bins.

Keep in mind, that cleaning, does not include making the beds.

We change sheets and linens on day 1 and one more time during the cruise.

Of course if you need extra towels or sheets, please refer to your dedicated steward on board directly.

Travel Insurance

Traveling requires insurance and we strongly recommend purchasing one. Please see more details in our [travel insurance section](#).

Local Taxes

Clients will have to pay 80 € p.p. for local tax purposes, at arrival, prior to the embarkation.

Management of complaints

When you are on board and you have any complaints to raise, please refer to your Captain directly, who is responsible to act as a matter of urgency and rectify it.

If you believe that your issues have not been resolved, or you wish to refer to a person outside the cruise vessel, you can always contact our Head Office directly.

Before you go, remember!

Your beach towels, sunscreen, your favorite book, your camera, your phone charger, your passport and cash (€), your Visa, your booking confirmation, and lastly, your international driving license!

See you soon on board!
