

### Experience big city STEM in one of America's greatest cities – New York City!

From incredible visits and workshops at the American Museum of Natural History to the Liberty Science Center, there is so much to see and do in 'the city that never sleeps'. School science groups will take a true bite out of the Big Apple!

With a full daily schedule and custom Master Class options, this 5-day tour is the ideal choice for any STEM teacher looking to focus on a specific discipline, or to involve multiple disciplines with a full STEM department. At The Liberty Science Center, your students will be inspired to learn about the power, promise, and pure fun of science, math, engineering and technology. While here, you have your choice of 2 Master Classes such as Intro to Game Design, Physics of Car Crashes and many more.

And on our guided walking tour your school group will visit Wall Street, the New York stock exchange, Lehman Brothers, Goldman Sachs and the Federal Reserve.

# SAMPLE ACCOMMODATION

## HI NEW YORK

HI New York is located in a historic building on the Upper West Side of Manhattan.

The hostel offers modern, dormitory-style accommodation (students accommodated in 4 - 12 bedded rooms) with bathrooms in the hallway. Linen, towels, and a housekeeping service are provided. Private rooms for teachers are also available.

The hostel is situated just one block from Broadway Avenue and a main subway line, and only minutes from Central Park.

## BEYOND ORDINARY - THE VISIONS DIFFERENCE

Visions in Education offer fully immersive, hands-on, educational trips of a lifetime. We support our teachers from planning the perfect trip, right through to hands-on support on the ground. Our excellent portfolio of destinations has been chosen to provide the best experience for all our travelling students.
