

Beautiful Nice on the French Riviera is the ideal setting for a French language school trip, with its historical centre, bustling markets and mild climate.

Nice is France's fifth largest city, offering a variety of educational tour choices including the Musée Matisse, located where the artist lived for much of his life. School French trips to Nice offer a wide variety of experiences, perfect for any learning experience.

Key Stage 3 students will have lots of opportunities to develop and practise their vocabulary around topics including exploring the town, food and drink and cultural traditions. Take your French students to the famous "Cours Saleya" to show how markets are central to French life.

Nice is a fantastic choice of location for groups who wish to have a more intensive French language learning experience, perhaps in preparation for their exams. GCSE students will love the opportunity to practise speaking French with native speakers and A-Level students will learn more about different aspects of French-speaking society.

Lessons at our partner language school are taught by fully qualified native French teachers in closed groups, so the content is tailored to meet your specific requirements.
