

Panorama Mountain Village in British Columbia, Canada is the most complete ski-in/ski-out resort in the Canadian Kootenay Rockies.

This exciting resort is about big mountain terrain with 4,000 vertical feet and almost 2,900 snow-covered acres.

Panorama affords some of the longest continuous runs in North America. As the name suggests, Panorama offers beautiful mountain views and at the summit of the mountain the 'view of the 1000 peaks' is simply breathtaking!

With high-speed lifts, varied ski terrain, slope-side hot pools, ski-in/ski-out accommodation and the exciting new Tube park, Panorama Mountain Village is fast becoming one of the Canadian Rockies' premier skiing resorts – a very special destination for Visions groups.
