

The ski resort is a firm favourite of our school ski groups located on what is known as 'Tyrol's sun terrace'. It has a reputation for fantastic snow conditions and an extensive ski season extending from early December to late April.

The ski area has recently expanded to take in the new lifts at Mutters – enabling school ski groups to access two fantastic resorts on one lift pass. With on-slope accommodation options at the foot of the slopes and an action-packed evening entertainment programme, school ski groups can be assured of a memorable winter experience in this fabulous Austrian resort.
