

Seefeld can be picture postcard perfect in the winter months with sun-drenched, immaculately groomed slopes and state-of-the-art facilities ensuring exhilarating ski fun for all our school ski groups.

Seefeld offers beautiful scenery, wonderful ambience and extensive shopping. Seefeld is a lovely traffic free village centre with only horse-drawn sleighs permitted.

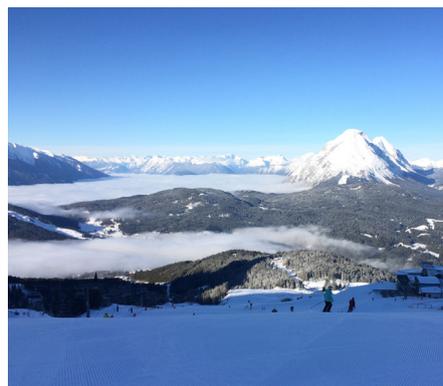

At 1200m, Seefeld has a respectable resort height and the location of Seefeld on a plateau in the lee of the Zugspitze and the northern Alps delivers great snowfalls throughout the winter. The skiing and snowboarding in Seefeld takes place across a number of different ski hills, the main one being the Rosshütte that is located on the edge of Seefeld and features a mountain railway as well as cable car that spans the two separate hills that make up the ski area.

RESORT INFORMATION

There are two areas to choose from in Seefeld. The small Gschwandtkopf area only has a couple of lifts and limited vertical, so you'll likely head instead to Rosshütte and its 18km of slopes. These are served by a slick lift system, comprising of a funicular, a couple of cable cars and three fast 6-seater chairs.
