

Germany's capital city is a perfect location for an Arts and Media tour and is known to the world as the 'City of Freedom'. Berlin is modern, creative and cosmopolitan and has emerged as a booming capital of modern design

In 2006, the German capital was officially designated a UNESCO City of Design

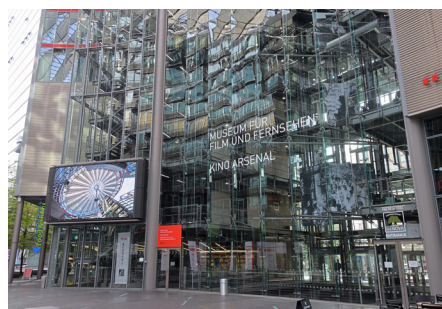

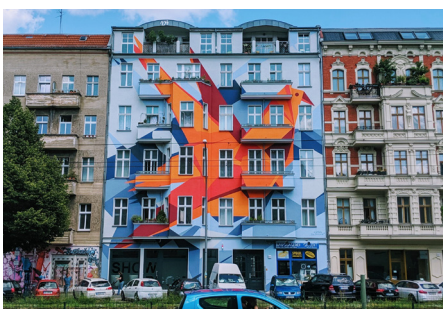

Start your tour at The East Side Gallery, the longest open-air gallery in the world and the longest surviving stretch of the Berlin Wall at 1,316 km. The section was painted by 118 artists from 21 countries with 101 works.

The Street Art Tour & Workshop starts with a 1.5 hour tour as an introduction to the topic. The students learn the most important terms, explore the difference between street art and graffiti and get inspired by some of the most amazing pieces in Berlin's streets.

Complete your Art tour to Berlin with a visit to the Film Park Babelsberg. Set painters and carpenters, costume designers and make-up artists show how they create the perfect illusions.
