

With its healthy gastronomic reputation Normandy is a great destination for school groups studying food technology. Your food technology school trip to Normandy will provide your students with a better understanding of what French cuisine is all about with a range of visits and 'hands on' experiences.

Your students will learn about the manufacturing process, mass production and traditional manufacturing methods with opportunities to turn curds into cheese and actively participate in the bread making process.

You'll also be able to visit one of Normandy's beautiful little market towns, and a traditional French bakery.

CURRICULUM LINKS

Our Food Technology school tour to Normandy is perfect for students learning about Food processing and production and can easily be adapted to include visits for WW2 History and French language students making it a really good option for a cross-curricular activities week tour.

KS3
