

Referred to as the 'Sunniest Ski Resort in Europe,' Sierra Nevada defies many concepts associated with skiing. Located barely a stone's throw from the Mediterranean coast, it has practically guaranteed sunshine, the best Spring snow conditions in Europe, and is still reasonably priced compared to many of its European counterparts.

Sierra Nevada literally means "Snowy Mountain Range", and it includes some of the highest peaks in Europe, not to mention the highest concentration of peaks over 3,000m in the country.

The Mulhacen at 3,482m is the Iberian Peninsula's highest. The ski terrain is majestically overlooked by the jagged glacier-formed Veleta peak, at 3,398m, Spain's third highest after Aneto (3,404m) in the Pyrenees. The Sierra Nevada ski resort offers school groups a wide and ever-expanding range of facilities as well as a ski terrain to suit skiers and boarders of all standards.

A big advantage to school ski groups is the flexibility of the resort - offering 7 days/6 night tours with 5 days skiing, plus 6 days / 5 night tours with 4 days skiing and an Intensive "long weekend" OR "weekday" package offering 5 days / 4 nights and 3 days skiing.
